

KASCO COMPANY OVERVIEW

120+ Years of Manufacturing Excellence, Exceptional Service & Supply Solutions

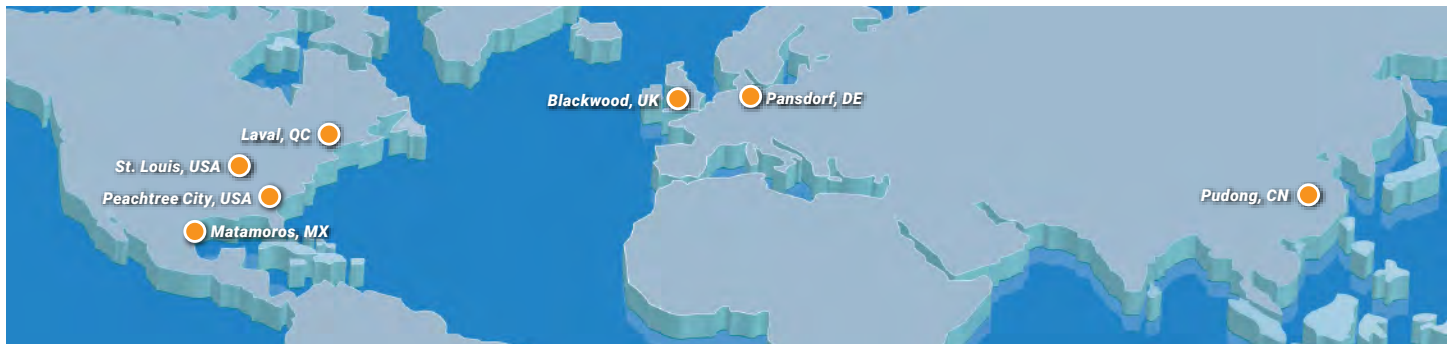

For more than 120 years, KASCO has been the industry leader in manufacturing quality metallic blade products for the meat, food, and wood cutting industries throughout the world.

KASCO's product offerings include band saw blades for meat, bread, and wood, meat hand saws, meat grinder plates and knives, butcher supplies, food machine lubricant, knife sharpeners, cutlery, and bulk seasonings and marinades.

Manufacturing & Distribution

KASCO has global manufacturing and warehouse operations in St. Louis, Missouri USA; Matamoros, Mexico; Wales, United Kingdom; and Pansdorf, Germany. KASCO has sales offices and warehouse locations in the USA, Canada, Mexico, UK, Germany, and China. Sophisticated global purchasing, distribution, and logistics are utilized to manufacture, source, and deliver top quality products and services to our customers.

Global distributor channels include North America, South America, Central America, Asia, the Caribbean, and Europe. KASCO sister companies include Atlantic Service Company and Bertram & Graf (Germany) and they offer extensive coverage of the European, African, Chinese, and Southeast Asian markets.

Equipment Maintenance & Repair

An expansive team of technicians, route sales personnel, and service staff across the United States and Canada provide prompt professional service, preventative maintenance, repairs, and the delivery of quality products. KASCO's network of technicians provides commercial food equipment service and repairs to retail grocery stores, butcher shops, packing houses, and restaurants across the US and Canada. Every factory-trained technician carries a large inventory of repair parts for on-the-spot repairs. We can provide same-day and next-day emergency repair service in most areas of the country.
