

Floor Care Equipment

KASCO offers service and repair of most makes and models of floor care equipment through the same nationwide network of factory trained technicians that service commercial food equipment. You won't

be charged an additional trip or show up fee if we service your floor equipment while we are already in your store, or if you register for one of our scheduled preventive maintenance programs.

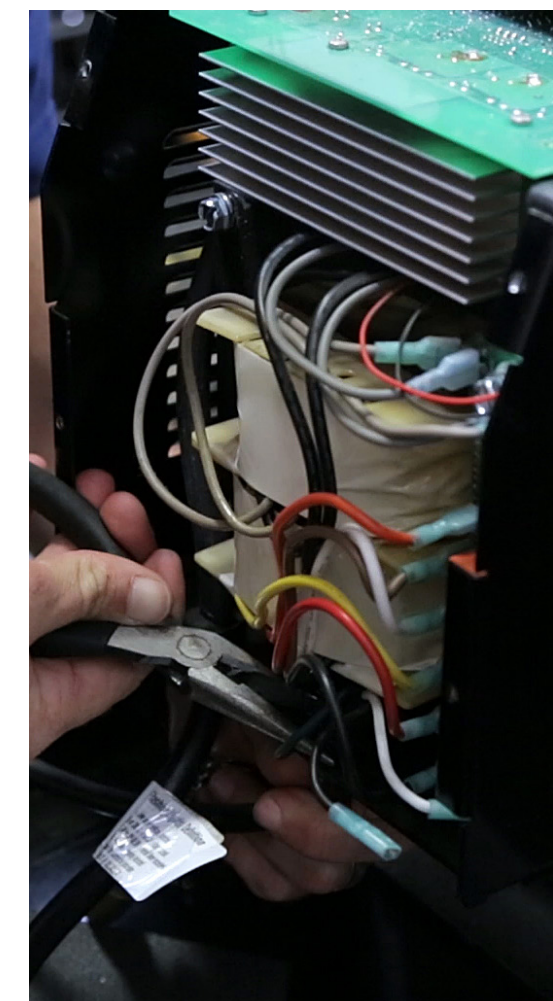

Products and Supplies

Not only does KASCO provide prompt professional service and repair, we also manufacture and supply a wide variety of products to keep your operation running. From meat saw blades and grinder plates and knives, to Lubricat® food grade lubricant, Kam-Lok® hand saws, Hook-Eye® knife sharpeners, and Snider's® and Harvey's® seasonings, KASCO delivers the products and supplies you need.

Water Treatment

KASCO supplies and professionally installs water filtration and scale prevention systems on a wide variety of equipment which requires clean, safe water supplies. Preventive maintenance and regularly scheduled filter changes by a KASCO professional technician means you don't have to worry about replacing filters before they go bad. Perfect for water supply lines to ice machines, coffee makers, steamers, proofers, produce misters, and more.

Service and Repair Technicians

KASCO operates a nationwide network of highly skilled employee service and repair technicians. We never use contract or third party service providers. Every KASCO factory trained technician manages a local warehouse and carries a large inventory of repair parts on their truck to provide on-the-spot repairs. Same day and next day emergency repair service available in most areas.

Preventive Maintenance

Preventive Maintenance programs from KASCO will keep your operation running smoothly with virtually no downtime - allowing your staff to focus on production while we ensure your equipment is always performing at optimal condition. You will never pay a trip charge or show up fee for any of our regularly scheduled preventive maintenance programs. Custom PM Programs designed for your specific requirements are our specialty!

Commercial Food Equipment

We provide repair service and maintenance programs for a wide variety of commercial food equipment used in grocery stores, butcher shops, packing houses, and restaurants across the U.S. and Canada. Meat, deli, bakery, produce, and food prep equipment we service includes:

- Meat Saws
- Meat Grinders
- Tenderizers
- Cubers
- Slicers
- Rotisserie Ovens
- Combi Ovens
- Fryers
- Stoves
- Vent Hoods
- Steamers
- Hot Cases
- Lobster Tanks
- Water Filtration
- Misting Systems
- Mixers
- Proofers
- Warmers
- Glazers
- Bread Slicers
- Ice Machines
- Coffee Machines
- Sharpeners
- Hand Wrappers
- Oil Tanks

Front of Store Equipment

KASCO also services non-food equipment, providing your operation with a trusted single-source provider for all of your commercial equipment needs. We specialize in the service, repair, and maintenance of a wide variety of equipment, including belted checkout stands, shopping carts, mart carts, cart pushers, rolling racks, and more.
